

## 2019 Course Schedule

### **Regulators and Relief Valves - Gas Regulator Technician: Course 1100**

Course is designed primarily for technicians responsible for the installation and maintenance of natural gas regulators. Emphasizing hands-on training, this course teaches students to install, troubleshoot, and adjust gas regulators.

[More Details](#)

### **Dates & Locations:**

**May 22-23** Suwanee, Georgia

### **Control Valve Engineering I: Course 1300**

Course reviews design and operating principles of control valves, actuators, positioners and related accessories. It describes the sizing and selection methods for a broad variety of control valves assemblies.

[More Details](#)

### **Dates & Locations:**

**April 2-4** Suwanee, Georgia

**Aug 27-29** Suwanee, Georgia

### **Valve Trim and Body Maintenance: Course 1400**

Course explains how valves and actuators function and how they are installed and calibrated. It emphasizes installation, troubleshooting, parts replacement, and calibration of control valves, actuators, and digital valve controllers.

[More Details](#)

### **Dates & Locations:**

**June 11-13** Augusta, Georgia

**June 25-27** Decatur, Alabama

**July 9-11** Macon, Georgia

**Sept 10-12** Suwanee, Georgia

### **QUIKLOOK 3-FS - Advanced Topics: Course 1428**

Course starts with a brief review of QUIKLOOK 3- FS valve diagnostic system software confirms student familiarity with test setups, pressure and travel channels, and the objectives of all available test procedures.

### **Dates & Locations:**

**Nov 12-14** Suwanee, Georgia

### **Valve Maintenance with FIELDVUE Digital Valve Controller: Course 1451**

This course will cover sliding stem and rotary valves and actuators, valve and actuator setup, maintenance, repair and troubleshooting, installation and calibration of the FIELDVUE digital valve controllers using the 475 Field communicator. An overview of ValveLink Mobile will be included.

[More Details](#)

### **Dates & Locations:**

**May 21-23** Lakeland, Florida

### **FIELDVUE™ Digital Valve Controller with 475 Field Communicator: Course 1751**

Course provides hands-on experience working with FIELDVUE digital valve controllers using an Emerson 475 or AMS Trex™ Communicator. The class will discuss basic operation and installation of the FIELDVUE digital valve controllers.

[More Details](#)

### **Dates & Locations:**

**May 21-23** Macon, Georgia

### **ValveLink™ Solo Software for Configuration & Calibration of FIELDVUE DVC's: Course 1752**

Course provides hands-on experience working with FIELDVUE digital valve controllers and ValveLink software. Students will be able to execute ValveLink software calibration and diagnostic routines, and create an instrument database.

[More Details](#)

### **Dates & Locations:**

**July 23-25** Macon, Georgia

### **Diagnostic Data Interpretation Using ValveLink Software for FIELDVUE - Digital Valve Controllers: Course 1759**

Course uses practical exercises and discussions to teach the student to interpret and analyze diagnostic data obtained using FIELDVUE Digital Valve Controllers and ValveLink software.

[More Details](#)

### **Dates & Locations:**

**April 23-25** Suwanee, Georgia

### **Bettis-Pneumatic Rack & Pinion and Scotch Yoke - Maintenance & Field Service: Course VA103**

This 4-day course includes comprehensive information concerning the installation, operation and maintenance of Emerson automation products.

[More Details](#)

### **Dates & Locations:**

**July 16-19** Suwanee, Georgia
